

ATRON BUSINESS DAYS

29. & 30.10.2025
FELDKIRCHEN NEAR MUNICH

Dear customers and business partners,

following the great success of the first ATRON Business Days 2023, we will now continue this format every two years. Together with you, we would like to take a look at developments in public transport in 2025 and find and discuss solutions for future challenges.

With this in mind, we cordially invite you to the **ATRON Business Days on 29 and 30 October 2025** at our premises in Feldkirchen. You can expect interesting presentations, workshops and discussions from and with customers, partners, public transport specialists and ATRON experts. A special supporting programme also offers space for socialising and networking in a relaxed atmosphere.
