

Successful exhibition for ATRON at the Persontrafik in Stockholm

Stockholm / Sweden, October 2018

From October 22 to 24, ATRON was showcasing their latest state-of-the-art solutions at the Persontrafik in Stockholm. "There was a great deal of interest in our products and system solutions. We were literally overrun" states Jürgen Goldmann, Director Operations of ATRON Systems Sweden AB. "We are extremely pleased with our first participation in this event."

The Persontrafik has become one of the most important events for the public transport industry in Europe. The aim is to offer comfortable, attractive, environmentally friendly and tailor-made solutions that focus on the needs of the passengers.

ATRON electronic GmbH

Since its foundation in 1980, ATRON has become one of the leading providers of system solutions for the public transport sector. The portfolio includes four main areas of business: fare management, eTicketing, AVL systems and passenger information. Over the years, ATRON electronic GmbH has become the ATRON Group, operating across Europe. It has locations in Dortmund and Leipzig as well as in Zagreb (Croatia), Bronschhofen (Switzerland) and Linköping (Sweden).
