

Jürgen Goldman is the new Director Operations of ATRON Systems Sweden AB

Linköping / Markt Schwaben, October 2018

The ATRON Group is pleased to announce the appointment of Jürgen Goldman as the new Director Operations of ATRON Systems Sweden AB in Linköping. In this position, he is responsible for the operative business.

Jürgen Goldman looks back on many years of expertise in the field of public transport. For more than 20 years he has been working in various positions in the industry. He worked in diverse national working groups in Sweden as a member or consultant. Already 10 years ago Jürgen Goldman led the first projects of ATRON in Scandinavia.

"We are pleased to have gained an expert in public transport with Jürgen Goldman who will continue ATRON Systems Sweden AB on its path to success," states Barbara Brunner, CEO of the ATRON Group.

ATRON electronic GmbH

Since its foundation in 1980, ATRON has become one of the leading providers of system solutions for the public transport sector. The portfolio includes four main areas of business: fare management, eTicketing, AVL systems and passenger information. Over the years, ATRON electronic GmbH has become the ATRON Group, operating across Europe. It has locations in Dortmund and Leipzig as well as in Zagreb (Croatia), Bronschhofen (Switzerland) and Linköping (Sweden).
